Description

Villa Sunriette enjoys a highly prestigious location in Théoule-sur-Mer, a small village just minutes from the beach and 10 minutes from the busy conference city of Cannes.

It has recently had extensive work done with the installation of a 4 person sauna and a separate steam spa area for 4 people next to the pool. Inside the villa in bedroom 5 is a wet room with shower and hammam for 8 people.

In addition there is a new summer kitchen complete with coffee machine, oven, hob, washing machine, dishwasher and bar.

Villa Sunriette (450m² living space) is located in a private residential area, on the prestigious domain "Avenue Cactus Roc" perched on the red rock hills overlooking the bay of Cannes. Théoule is a peaceful, even heavenly, location which offers three excellent beaches shaded with palm trees and a protected port for sail and motor boats. Alongside the seaside stands a superb crenellated castle built from red stone, called the "Chateau des Mineurs".

The Villa sits in an elevated position offering breathtaking sea and mountain views. Théoule-sur-Mer is a typical French town with beautiful architecture, only 8.7km from Cannes - an extremely popular French destination and is the host of the famous "Cannes Film Festival".

Théoule-sur-Mer is perfectly placed to explore the French Riviera and its beaches. Cannes, Monaco and St Tropez are within driving distance. Inland are the medieval villages of Grasse, Valbonne, St Paul de Vence and Biot. Nestling in the Esterel, sheltered in a small cove is Théoule-sur-Mer village. Théoule offers its red rock inlets and calanques from where there are captivating views of the sea, the coast and mountains.

Villa La Sunriette enjoys breathtaking sea, country and mountain views from its private swimming pool and large garden. This spacious and light villa was completely refurbished in 2020/2023 and boasts lots of character features alongside modern facilities. It has six large bedrooms in the Main House (all en suite) making it the perfect destination for a large family with children, as the outside areas and pool are fantastic and there are many local activities to experience.

To walk down to the port and the beach, you can take the public stairway and descend 100m in 7 minutes. (Coming back up will probably take a bit longer!).

The property can accommodate up to 12 guests comfortably in its 450m² living area. The outdoor area

has a beautiful garden, a large swimming pool, a jacuzzi and 150m² of terraces. There are three different outdoor seating areas with large sofas and chairs to relax in. There is a brand-new fully equipped summer kitchen with inbuilt coffee machine, oven, microwave, 4 ring halogen hob, integrated washing machine, dishwasher and bar, and a hammock as well as a large American fridge so you can enjoy ice cold drinks without going inside.

There are also amazing well-being facilities:

Mini spa area with shower and WC incorporating an Infrared Sauna and a Steam Hamman next to the pool area with relaxation area.

Laconium with new shower facility and WC. (A Laconium is a less intense type of sauna featuring lower temperatures of around 60°C and humidity of 15-20%, so overall a gentler heat experience).

Sauna: Traditional Scandinavian saunas are wooden rooms with benches on which you relax while the space reaches temperatures of up to 100C. The humidity in a sauna reaches just 5-10% making it a dry heat, which comes from a stove or from hot stones, onto which water is poured to create steam.

Steam room: The main difference between a sauna and steam room is the type of heat. A steam room features dry heat at temperatures of up to 50C, but with 100% humidity, it feels hotter and much steamier than a sauna.

In addition, there is a gym with running machine, rowing machine, weight bench and free weights with shower and WC.

The beautiful 2800m² garden has palm trees and exquisite flower beds and a large swimming pool. There are several outdoor dining and seating areas. In fact, there are up to 20 different spots where you relax or dine, either following or avoiding the sun and the Mediterranean breezes.

Shared tennis court just 200m away where you can play for free. This has been recently resurfaced to offer a superb Astroturf finish.

You can even practise your golfing on the grass 3-hole putting green installed at the top of the villa. Pétanque/boules can now be played on the boulodrome.

Sometimes it's easier to travel along the coast by boat than car so what better way to travel than to charter the owner's 72' Princess motor yacht? You can get to Cannes in less than 10 minutes, or to St Tropez or Monaco in 40 minutes.
