The chateau sleeps up to 15 in 9 twin/double bedrooms with en suite. In addition there is a newly refurbished farmhouse with a further 7 bedrooms to sleep 15 guests, allowing for a total of 29 guests in all.

The entire estate has been lovingly restored to its former glory and is furnished with both modern and traditional Provencal furnishings. But the beautiful formal gardens and interiors are complemented with lots that children and the young-at-heart will appreciate - goats and chickens, a playground, huge lawns for running around on for the kiddies. A professional squash court, well-maintained tennis court, basketball and volleyball courts and fitness gym for the older guests. Plus, a huge swimming pool and kiddies' paddling pool.

Guests at this historic 18th century chateau will be pleased to know that the cooking, heating and telecommunications facilities are all 21st century.

The wonderful, fully enclosed landscape embraces 17 hectares of mature parkland, elegant formal gardens, orchards, streams and an exciting range of sporting facilities including squash, tennis and basketball, a very large swimming pool and a fully equipped gym. The Château de Torro itself sits at the end of a long avenue of cypress trees complete with an ornamental fountain.

There's so much to offer within the extensive grounds of Chateau de Torro, however, being perfectly located in the heart of the Rhone Valley, an area of France steeped in history and tradition, this chateau is a perfect base for exploring the myriad ancient towns and villages in the region, as well as the famous vineyards this area of France has to offer.

Both the chateau alone and the entire estate, including the farmhouse, are also perfect for business use. Prices start from €35,000 per week with a minimum of 1-night only bookings depending on the season. Please enquire for a quote tailored to your group.
