Description

Brand-new stunning luxury renovation of an old wine cave on a private domaine. Located close to Montpellier, which is one of the most exciting and interesting cities in France, and only 15 minutes from the long golden sands of the Languedoc beaches. Surrounded by vineyards with no neighbours, Domaine de Saint Aunes offers seclusion, tranquillity and peace, and yet is only two minutes (by car) from a supermarket and other shops and restaurants.

Approach the domaine along its private driveway and enter the house via a private gate. The main floor is completely open-plan with hidden seating corners and high quality furniture. The surround-sound SONOS system can be accessed through the house and there is air conditioning throughout. The living area opens onto a spacious shady terrace with dining and sitting areas, and a bar area with plancha and summer kitchen.

There is also a pool house with extra WC.

Enjoy the heated infinity plunge pool or a drink on the terrace out of the direct sun. Bedrooms and bathrooms are all downstairs with direct access to the garden.

The main pool is gated and secure for children (please be aware that the plunge pool is not gated) with a rigid cover. There is another shady terrace and sun loungers.

The kids will enjoy the lawn beside the house for kicking a ball around but there is also a more formal 'parc' where you can 'take a turn in the shrubbery' in the shade. The parc comes with its own chickens and the kids can collect fresh eggs every day for their breakfast! Also a pétanque/boules pitch.

This luxury architect-designed house is extraordinarily spacious and light-filled. One of the beauties of this amazing property is that it is located on a domaine but there are no other guests staying at the same time. The only other person you may see is the guardian who cares for the garden and the pool.
