## Description

This is a truly sumptuous property: elegant and state of the art design with jaw dropping views

Villa Fedora is one of those villas whereupon on first glance, time seems to stand still. Traditional Greek life has somehow been captured within a contemporary design. Whether this is the use of local stone and wood in the build with modern furnishings, or the picture postcard views capturing the essence of the beauty of Greece from almost every window, you choose.

Living areas are spacious with every thought to comfort considered, whilst outside there are numerous lounging and seating areas, some shaded and others enjoying the full Greek sunshine with striking views to be enjoyed. The infinity pool seems to almost float on the horizon, merging into the sea.

A favourite beach on Mykonos is Elia and it is only a three minute car journey away. The village of Ano Mera is five minutes, Mykonos town, airport and port is about twenty minutes away.
