## Description

Dassia (East): Walking distance of the beach and just 20 minutes from Corfu Town, this is an elegant villa with private pool.

Spread over two storeys, the villa has four stunning bedrooms and an elegant, open plan living room. Statement art pieces run through the villa like a motif and natural materials feature heavily within this property, especially wicker and bamboo.

From the starburst art on the walls to the twisted bamboo coffee tables with circular tops, right down to the pendant lighting, you're bound to be wowed. A honey-coloured fluffy rug adorns the floor, while floor to ceiling windows ensure the whole space is bathed in light. Dine around the rustic wooden dining table on rattan chairs, or enjoy an alfresco meal on the terrace.

The bedrooms have castle-like arched windows. Sunlight streams through into the villa, while designer lamps hang from the ceiling to romantically illuminate the room by night. There are two double beds and two twins, to offer flexibility for families and space for eight guests to sleep. Dramatic headboards with shutter-style wood and mosaics draw the eye upwards, and you'll find unique circular bamboo chairs. Bathrooms have marble tiles, huge mirrors and a sensational rain shower.

This villa is perfectly located in beautiful Dassia, on the east coast of Corfu. Surrounded by mesmerising views of the Albanian mountains and famous for Dassia beach, this area is charming and family-friendly.

Dassia Beach is a beautiful pebbled beach with amazing watersports. Guests can try out waterskiing, paragliding or even take a pedalo out - the water is calm. Agios Nikolaus beach has rocky coves and a historic church nearby. It's perfect for those in search of wilder, natural beaches.
